

Instem & STP-I Joint Workshop (Hybrid)

Preclinical Science in Practice

[Register Now](#)

Dear [First Name],

Instem and the Society of Toxicologic Pathology of India (STP-I) are delighted to invite you to a one-day joint workshop hosted at the Instem India office in Pune.

This is a deliberate meeting of two perspectives: STP-I's leadership in organizing continuing education programs in toxicologic pathology and Instem's expertise in the technology, data, and submission systems that support modern preclinical research. The program is designed to reflect where the industry is heading, and the practical steps teams are taking to get there.

Instem & STP-I Joint Workshop(Hybrid): Preclinical Science in Practice

Date: 10th October 2026

Time: 9:00 AM – 5:00 PM

Venue: [Instem India Office, Pune](#)

Can't make it in person? Join us live via the [Online webinar](#).

Here's what's waiting for you:

A keynote on the future of NAMs by Instem's Chief Scientific Officer, Szczepan Baran

Expert-led sessions on:

- Organ-on-chip technology
- Digital pathology & GLP best practices
- Historical control data
- Gaps between industry and academia in ToxPath need
- Bone in Toxicologic Pathology
- SEND 4.0 & AI
- Bridging academic research with industry

See technology in action:

Explore how digital pathology, slide scanning, and modern preclinical platforms are transforming day-to-day research through live demonstrations and a real client case study.

Ask the experts:

Wrap up the day with an interactive panel discussion featuring STP-I leaders, Instem experts, and industry professionals.

Why You Should Attend:

- ✓ Stay ahead of evolving regulatory expectations
- ✓ Discover practical solutions you can apply immediately
- ✓ Learn from leading voices in pathology and preclinical R&D
- ✓ Network with peers from across the industry

It's completely free. —reserve your seat today for hybrid workshop!
